Belmont College – Ohio University Plan

Bachelor of Science in Project Management Online Program Pathway

This online program for individuals with a completed associate degree leads to a Bachelor of Science in Project Management (BS PM) from the Russ College of Engineering and Technology, a minor in Business from the College of Business at Ohio University, and a Certificate in Lean Six Sigma Methods. This Project Management bachelor degree completion program is focused on enabling students to be able to develop comprehensive project management plans and documentation, control projects, and lead change in an organization. It is expected that our students will also be able to execute projects related to improving an organization's operations to be efficient and effective in meeting company and customer requirements. Students will also learn about Agile project management approaches and which project management tools to use in specific situations.

Students who wish to pursue the BS PM prior to earning an associate degree are encouraged to reach out to the program director to seek an advising session for a personalized degree plan.

Ohio University also offers an online graduate program in project management for people who have completed a four-year accredited degree. Information on that program can be found at: ohio.edu/project-management.
This completion degree will complement many associate degrees and provide opportunities for graduates of this program to advance in their chosen fields.

Admission Requirements
- Completed associate degree from a regionally accredited college or university.
- Combined 2.0 GPA from all prior college-level coursework.

Degree Requirements

To qualify for the Bachelor of Science in Project Management degree, a student must have completed all Ohio University graduation requirements: general education, College, major, minor, and residency. Students must earn a minimum of 30 semester hours of Ohio University credit, complete a minimum of 50% of the major course requirements at Ohio University, and complete a minimum of 120 total semester hours for graduation. Students must have a completed associate degree to enter the Project Management major. Students must have a GPA greater than 2.0 for all courses at Ohio University, for all courses in Russ College, and for all courses in the Project Management major. Students must earn an average of 2.5 GPA or better in the pre-major courses listed for this program. Students must have succeeded in all required courses taken in three or fewer attempts. The Project Management program requires 28 hours of OU ETM credit after transferring into ETM, with at least 16 hours at or above the 3000 level. Students will need to complete 18 hours of free electives to satisfy the 120-hour major requirement.
